

Dear Patricia Thank you for all the wonderful things you do and thank you for bringing Ralph into the hearts and minds of young children.

Ralph has been a long complicated journey and I am always happy to hear the stories of how he has touched people and dogs. What you have done and are doing with your dogs is amazing and I look up to you! If I am ever in the area I would love to go to the center and hopefully meet you and your wonderful dogs. Thank you once again and I will send you another Ralph's First Day of School so you can replace that worn copy of yours. Terry Simons

Dear Ms. Patricia and Lottie Dot, The staff at the Carl Perkins Center would like to thank you for coming to the Center a few weeks ago and speaking with our clients about dog safety and overcoming obstacles. The children were in awe of the work you and your dogs accomplish. They are still talking about Lottie Dot and Dora and the amazing things they do. Your visit made a lasting impact on the group and they are very thankful that you took time to show them they are special. We wish you the best of luck in all that you do. Sincerely, April E

Ms. Belt, Thank you very much for bringing Dora to the Safety Day presentation at Walmart in Bolivar. My kids truly enjoyed meeting her. My oldest daughter has always wanted to be a firefighter and still misses her own dalmatian, Chief. We would like to ask Dora to give a safety class to our school group. I will call or email you to schedule a class soon. Thank You Shirlinda S.

Hi Patricia! It was so nice to get to meet you and Ms. Lottie Dot. I wanted to invite you and "the girls" to our annual Community Day here at Old Hickory Mall on Saturday between 10 a.m. and 5 p.m. I would love for you and one or both of the girls to come if you can. We invite area organizations/businesses to come out and meet the public to promote what they do in the community. Special needs animals and children are some of the most special gifts God has given the world. Hopefully we can help spread that message. Hope to see you the 25th! Susan B. Mall Management Secretary

Hi Patricia - I have been meaning to write and tell you this story - at the Bolivar Christmas parade I was in front of the courthouse (making pictures, of course!) and there were 5 boys there who were about age 2nd grade - 5th/6th grade. They were all cousins and were keeping a running commentary on the parade. When you came by the younger boys literally were jumping up and down going, "that's Lottie Dot, Lottie Dot!!!!!" One of the boys said very excitedly, "talk with your hands, talk with your hands!!" and they all started signing the "good dog" sign with one hand and waving with the other one. After y'all walked by I told them that I knew Lottie and Izzy and they got excited all over again. The older boys asked them about the dog and they both started talking at once, telling them about stop, drop, and roll, and how you are supposed to read and then about Lottie holding the dog treats on her nose. I asked them (like I didn't know what they were talking about) what stop, drop, and roll was, and they proceeded to tell me exactly what to do if there was a fire. They said to just remember what Lottie had said to do. Just thought you should know what an impact you and the girls made on those little guys. They were so precious!! Woof! Lisa Coleman
